ABSTRACT

This bibliography of 886 citations is an annual accounting of the literature on collective bargaining in higher education and the professions for 1993. The research design and methodology used in the preparation of this volume relied on computer searches of various data bases, as well as manual retrieval of citations not available on data bases. Sources include books, monographs, dissertations, journals, periodicals, research and conference papers, and newspaper articles and are grouped into either the faculty bibliography or the professions and professionals bibliography. References are listed by author within the following subject areas: academic freedom, administration, affirmative action, Acquired Immune Deficiency Syndrome (AIDS) in the workplace, arbitration and mediation, collective bargaining, collective bargaining (Canada), community colleges, comparable worth, discipline and dismissal, discrimination, drug testing, ethics, evaluation, excellence, faculty, fiscal issues, fringe benefits, governance, grievance procedures, legal issues, librarians (academic), long-range planning, merit pay, non-faculty, part-time faculty, personnel administration, political correctness, public sector labor relations, quality of work life, retirement, retrenchment, salaries, sexual harassment, strikes, tenure and promotion, women faculty, health care administration and institutions, health care professions, nurses, professions, and professions (sports). Contains a list of resources and periodicals, a directory of useful sources of information, author and subject indexes, and a list of acronyms and abbreviations. (JLS)

NATIONAL CENTER FOR THE STUDY OF COLLECTIVE BARGAINING IN HIGHER EDUCATION AND THE PROFESSIONS

The National Center is an impartial, nonprofit educational institution serving as a clearinghouse and forum for those engaged in collective bargaining (and the related processes of grievance administration and arbitration) in colleges and universities and the professions. Operating on the campus of Baruch College, City University of New York, the Center addresses its research to scholars and practitioners in these fields.

Membership consists of institutions and individuals from all regions of the United States and Canada. Activities are financed primarily by membership, conference and workshop fees, foundation grants, and income from various services and publications made available to members and the public.

Inquiries regarding membership, publication or research orders should be addressed to the National Center for the Study of Collective Bargaining in Higher Education and the Professions, Baruch College, CUNY, 17 Lexington Avenue, Box G-1050, New York, New York 10010.

INTRODUCTION

The annual Bibliography of the National Center continues to be recognized as an outstanding source of research material available in the field of collective bargaining in higher education and the professions. This twenty-two volume series documents the development of collective bargaining in higher education as well as employment and labor relations issues for other professionals.

As the dimensions of unionized employment relationships undergo changes, so do the various topics included in this project. Each year subjects are added or removed from the Bibliography dependent upon the amount of available research in any particular subject area. We have reinstated the heading "Collective Bargaining - Canada" due to the interest of our readers. Canada continues to be represented extensively in all areas covered by this bibliography.

This Bibliography is an annual accounting of the current state-of-the-art research and writings in collective bargaining in higher education and the professions. The research design and methodology used in the preparation of this volume relied on computer searches of various data bases, as well as manual retrieval of citations. Sources include: books, monographs, dissertations, journals, periodicals, research and conference papers, and newspaper articles.

In addition to the Bibliography, the annual publications of the National Center include the Directory of Faculty Contracts and Bargaining Agents in Institutions of Higher Education, Proceedings of our annual conference and a quarterly Newsletter. The Center also issues occasional monographs on selected topics.

An impartial, nonprofit research institute of Baruch College of the City University of New York, the National Center serves as a clearinghouse and forum for those engaged in collective bargaining (and the related processes of grievance administration) in colleges and universities.

Associate Professor, Ida B. Lowe, a librarian at Baruch College, is responsible for the data collection, selection and compilation of this issue of the Bibliography. Beth Johnson, the Administrative Director of the Center, was responsible for the overall supervision and direction, as well as editing of this project. We are most appreciative of the efforts of these two individuals which stand as a measure of their quality and success.

While we believe that this publication is accurate with respect to citations, titles and other bibliographic information, we apologize for any errors or omissions which might have occurred. As always, we welcome feedback from you, the reader, and are grateful for your comments. We hope that this Bibliography will be of assistance to you in your various research projects.
